Concord, New Hampshire 03301

Att: Mr. Thomas L. Sweeney, Chief
Bureau of Solid Waste Management

Dear Mr. Sweeney:

In reference to your letter of December 26, 1980, whereby Mr. Scott Eaton from your department made mention of some items to be corrected as per his inspection of December 15, 1980 at our transfer station in Portsmouth, New Hampshire, please be advised of the following.

The fire control equipment has been installed, and the interior partition around the container to prevent the spilling of trash has been constructed. The outside railing along our ledge is scheduled for completion by the first week in February.

If you have any further questions on these matters, please feel free to call at your convenience.

Very truly yours,

Raymond H. Bardwell
Raymond H. Bardwell,
